No part of this material may be reproduced or transmitted in any form or by any means, electronic or otherwise, for commercial purposes or otherwise, without the written permission of the Author. The names of dedicated publications are normally given in italics.

NEXT DEADLINE

October 14th deadline for thousands of publications. The multimedia format is no longer supported for public consumption. Unfortunately, this means the end for many unique PDF publications, animated zodiacs and dedicated presentations.

2012

Uranus in Cetus is covered through several publications, of which the majority share multimedia format. In a way of saying, Mayan timing proves to be selective as concern zodiacal revelations. Expiry set for mid October 2011.

FUTURE REVELATIONS

Thousands of revealing articles are scheduled for automated posting and publishing through the years 2012, 2017, 2025; as well as for even much further generations.

CUSTOM ORDER

Selected publications are occasionally mailed for the benefit RTRRT initiates. Initiation can be tailored in the form of dedicated a publication. Some publications can be justly regarded as personal initiation. Horoscopes are naturally person-dedicated, but even RTRRT initiations can rightfully be personalized. Finally, dedicated publications can be written, assembled, edited and shipped on custom demand.

PAY PAL ONLINE STORE

The new Pay Pal online store* <http://users.tmok.com/~tarant81/2012SPQR/> includes a number of selected publications as alternatively requested <http://ow.ly/6AnVW> from the Author by e-mail <http://scr.im/rtrrt>

[MINI RTRRT INITIATION](#)

<http://users.tmok.com/~tarant81/2012SPQR/1.html>

* Under rapid construction, September 21st 2011.

The cetaceanⁱ years 2011 & 2012 mark interesting times. At present, the zodiac is vanishing from the web due to a timed deadline. Thousands of publications will expire by mid October 2011, never to be republished again. Make your download till October 14th 2011 when the revealing publications are alas scheduled for timely self-destruction. You don't want the strategic zodiacal as well as magical material to fall in wrong hands, do you now?

Ananta Samhita

Anantadevasesanagasankarsana uvaca

The report includes the basic noumena by the avatar[†] of the Æon of Cetus and lord of the Age of Pegasus[‡]. Various titles include Hayagriva[§], **Ver Neit Nubty and ditto Ananta. References to Totapuri, Ramakrishna, Narayananda, Tesla^{††} and Brahmajnanananda determine one formal eastern lineage.

- a) Sai Baba was born with Sun in Libra on November 23rd.
- b) The zodiac is the Tarot^{††}.
- c) The zodiac encompasses (22) twenty-two zodiacal constellations.
- d) The (22) zodiacal constellations are the 22 letters of the Hebrew zodiac^{§§}.
- e) There are (16) sixteen eastern ascendants for the current epoch.
- f) The (16) ascendants are elements reshuffled as guardian angels.
- g) The zodiac *is* compatible with the 360 angels^{***}, Tarot, I Ching^{†††} and Sabian symbols^{†††}.
- h) We live in the Age of Pegasus as encapsulated within the Æon of Cetus.
- i) The averages of Pisces encircle the present Æon of Cetus^{§§§}.
- j) The next Age of Pisces is termed the Age of Pisces II.
- k) The average of Aquarius is unremarkably set to dawn in 700 years from our times.
- l) Most planets crossed Cetus in the year 2011.
- m) In the year 2011, Jupiter was in Cetus.**
- n) In the year 2012 Uranus enters Cetus.**
- o) Apart from e.g. Eridanus, Taurus is a most rare ascendant.
- p) At the present epoch, Taurus rises for (5) five minutes at east.
- q) Capricornus does not rise at east, while Cetus and Pisces do rise at east.
- r) Libra, Scutum, Scorpius, Sagittarius, Capricornus, Gemini and Aries represent some of the zodiacal constellations that *do not rise at east* for the present epoch. Nobody you know has an Aries ascendant.
- s) The (16) sixteen guardian angels can be recorded **at east** by anyone by naked eye observation. The (16) ascendants represent **observable phenomena** from any location^{****} on planet Earth, rising *one by one at east*.
- t) One does not have to *wait* for any scientific proof of one's guardian ascendant as one can **observe** it as **rising at east** as well as **setting at west**.
- u) The standard reckoning of modern precession starts with the Age of Orion^{††††}.

[†] Owner of the zodiac.

[‡] Both second and third Age of Pegasus.

[§] He who brings back zodiacal knowledge: this is the first time that humanity is acquainted with the zodiac.

^{**} Ver Neit Nubty is often prefixed and suffixed by a variety of titles and spells.

^{††} Vivekananda branch.

^{†††} 1622 = 2216

^{§§} Jehovah strongly encouraged astronomy against a most high penalty for superstition.

^{***} In theurgy. *Moon in Noctua* is thus E.....n.

^{††††} Aspectarian.

^{†††††} Dated circa year 1982.

^{§§§} Labels like I, II &/or III are omitted wherever possible in order not to further confuse the incipient magus.

^{****} Cartesian house system.

^{†††††} Krishna.
